

# Alcohol Treatment Study

A research group at McLean Hospital is conducting a research study of the effects of an FDA approved medication for alcohol dependence. You may qualify to participate if you:

- Are between the ages of 18-65
- Have recently stopped drinking alcohol or completed an alcohol detox
- Are interested in treatment
- Can come to the laboratory for 6 study visits and 2 MRI's

You may earn up to \$600 compensation for your participation. Call 617-855-2359 and leave name and phone number. Strictly confidential.
